There is a point of overflowed ground bound with Willows and Maple that is of no value to any person, extending down the river some distance below the Meanders; but all that can ever be cultivated was surveyed and is the best quality of land.

A portion of this Island is cultivated by James Oldham, which gives it the name of "Oldham's" Island. September 25. 1839

I hereby certify that in pursuance of a contract with E. S. Haines, Surveyor General of the United States for the States of Ohio, Indiana and Michigan, bearing date the 20th day of April 1839, and in strict conformity to the Laws of the United States and the Instructions of the said Surveyor General, I have surveyed and subdivided into Sections fractional Township N. 27 North of Range N. 3 East of the 2^d Principal Meridian in the State of Indiana; And I do further certify that the foregoing are the true and
